

**AFTER YOUR PROJECT**

## *BOULDER WALLS*

### **INSPECTION**

Regularly inspect the wall for any shifting or settling. Address any issues promptly to prevent further movement.

### **VEGETATION CONTROL**

Remove any weeds or plants growing between the boulders.

## *BLOCK RETAINING WALLS*

### **INSPECTION**

Check for signs of shifting or bulging. Address any drainage issues to prevent water buildup behind the wall.

### **CLEANING INSTRUCTIONS**

Clean with water and a mild detergent as needed to remove dirt and stains.
